

Thieves®

Therapeutic Grade:

THE YOUNG LIVING STANDARD

There is a significant difference between essential oils that simply smell good and those that are Young Living Therapeutic Grade™ (YLTG).

Independent laboratory testing proves that YLTG essential oils meet and often exceed industry requirements, and as stewards of nature's plant remedies, Young Living maintains higher internal standards, built upon the magnitude of our own rigorous quality assurance requirements. This standard is known as Young Living Therapeutic Grade. In order to achieve YLTG classification, each essential oil must achieve the designation naturally, without excess manipulation and refinement, and meet specific criteria in four key areas: Plants, Preparation, Purity, and Potency.

PLANTS Young Living products are produced from the right plants, grown in exceptional soil, and harvested at exactly the right time.

PREPARATION Honoring a strict commitment to respect and protect the time-honored methods of distillation, Young Living makes every effort to preserve "nature's living energy" in a manner as close to its natural state as possible. Using pure mountain water free of additives, Young Living has a proprietary, stainless steel distillation process that uses low temperature and low pressure to better preserve plant properties, capture the pure essence of the plant, and preserve the quality of the oils.

PURITY Achieved through the use of quality plants and meticulous preparation, and not through ultra-refinement, our finished product is 100% pure. Young Living essential oils are unadulterated, uncut, and free of chemicals, pesticides, and heavy metals.

POTENCY To guarantee our products exceed existing world standards and meet our own higher internal standards for potency, we analyze the finished oil's phytochemical profile to ensure it delivers optimal amounts of every key plant compound.

History of Thieves

Young Living's Thieves essential oil blend was created based on the historical account of four thieves in France who protected themselves from the Black Plague with cloves, rosemary, and other aromatics while robbing victims of the killer disease. When captured, they were offered a lighter sentence in exchange for their secret recipe. Young Living's proprietary Thieves oil blend includes clove, cinnamon bark, rosemary, lemon, and Eucalyptus radiata and has been specially blended to offer the same kind of defense. Thieves has been university tested and found to be highly effective against airborne bacteria.¹

Utilizing the power and protection of Thieves essential oil blend, Young Living created an extensive line of plant-based household products. From toothpaste and mouthwash to cleaning products, hand soaps, and even throat lozenges, the Thieves product line provides safe, effective alternatives for use in the home.

1. Sushil K. Shahi, A. C. Sukla, et al., "Broad Spectrum Herbal Therapy against Superficial Fungal Infections," *Skin Pharmacol Appl Skin Physiol.* 2000; 13:60-64.

Thieves Essential Oil Blend

The oil blend that comprises Thieves is known for enhancing complete health and total well-being. Each of the oils selected makes Thieves one of Young Living's most effective and favorite products.

CLOVE oil, nature's richest source of eugenol, is the highest-scoring single ingredient tested for its antioxidant capacity on the ORAC scale. Clove is also known for its immune-enhancing properties.*

With 68 percent d-limonene, **LEMON** oil is a powerful antioxidant known for its ability to act as a natural solvent and cleanser.

High in antioxidants, **CINNAMON BARK** has a reputation for relieving discomfort during the winter season and supporting the digestive system.*

As one of the most versatile of the eucalyptus oils, **EUCALYPTUS RADIATA** has many health-promoting properties. This powerful essential oil contains eucalyptol as one of its major elements, which in laboratory tests has been reported as being effective against bacteria in topical applications.²

ROSEMARY oil is naturally energizing and may be beneficial for helping restore mental alertness when experiencing fatigue.

2. Sue Chao, Craig J. Oberg, D. Gary Young, "Effect of a Diffused Essential Oil Blend on Bacterial Bioaerosols," J. Essent. Oil Res. 10, 517-523 (Sep/Oct 1998).

* These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure, or prevent any disease.

DIFFUSING

Thieves essential oil blend with Young Living's patented diffusing system creates a safe and simple means of filling your home with therapeutic benefits. Many forms of bacteria and mold spores linked to common ailments can travel through the air. Diffusing Thieves adds an extra layer of protection by purifying the air while adding an uplifting scent to your home.

Internal Use Tips

Try these simple suggestions to incorporate Thieves in the body for extra protection.

- Add 2–3 drops of Thieves into a capsule and take daily.
- Put 1–2 drops onto a piece of bread.
- Add 1–2 drops into a spoonful of Young Living's Blue Agave.
- Add 1–2 drops to a glass of rice or almond milk.
- Drop 1–2 drops directly onto your tongue.

Thieves Cleaning Products

IN THE KITCHEN

The Center for Disease Control reports that 76 million cases of food poisoning occur in the United States each year, resulting in one in four Americans contracting foodborne illnesses. Taking the proper precautions when preparing food can help to prevent foodborne illness. Because many of the essential oils in the Thieves blend have the natural ability to protect against bacteria, the kitchen is the perfect place to take advantage of Thieves soaps, spray, and wipes.

THIEVES FOAMING HAND SOAP

Cleanse, defend, and condition the skin with Young Living's Foaming Hand Soap, featuring the therapeutic-grade essential oil blend Thieves, pure lemon and orange essential oils, Ginkgo biloba, and vitamin E. Many soaps on the market rely on the synthetic ingredient triclosan to defend against harmful bacteria. The CTFA/INCI certified ingredients in Thieves Foaming Hand Soap are a great alternative to chemical-based soaps, and are gentle enough to be used regularly without drying or stripping the skin.

IN THE BATHROOM

Bacteria tends to accumulate in the bathroom. Washing your hands with Thieves soaps and cleaning countertops, toilets, and other surfaces with Thieves products can minimize the spread of bacteria from the bathroom to other areas of your home.

Thieves Household Cleaner

Thieves Household Cleaner's new formula boasts the most effective, 100 percent plant-and mineral-based ingredients available, including:

- **VEGETABLE-BASED SURFACTANTS** like alkyl polyglucoside that are compliant with Green Seal and EPA Design for Environment (DfE) standards.
- **BIODEGRADABLE CUTTING AGENTS** like sodium methyl 2-sulfolaurate and disodium 2-sulfolaurate from renewable sources.
- The all-natural cleansing and disinfecting power of **YOUNG LIVING THERAPEUTIC GRADE™ (YLTG)** Thieves and lemon essential oils.

With more Thieves and lemon essential oils than the original formula, the new Thieves cleaner disinfects and cleanses better than ever!

THIEVES HOUSEHOLD CLEANER

Suggested Usage Ratios

Note : one capful of Thieves cleaner = ½ Tbsp.

LIGHT DEGREASING

1 capful Thieves cleaner to 3¾ cups water

MEDIUM DEGREASING

1 capful Thieves cleaner to 2 cups water

HEAVY DEGREASING

1 capful Thieves cleaner to 1 cup water

HAND CLEANER

½ cup Thieves cleaner to ½ cup water

DISHWASHER

1 capful Thieves cleaner in the bottom of the dishwasher

POTS+PANS

½ capful of Thieves cleaner to 3 cups water

FLOORS

1 capful Thieves cleaner to 6¼ cups water

Note: Any floor with a finish should be spot tested in an inconspicuous area.

WALLS

1 capful Thieves cleaner to 2 cups water

FABRICS

1 capful Thieves cleaner to 2 cups water

Note: Before cleaning fabrics, perform a spot test in an inconspicuous area. Discontinue use in the unlikely event of staining or skin irritation.

WASHING MACHINE

Depending on size of washer, use 1–2 capfuls Thieves cleaner with each batch.

CARPET

1 capful Thieves cleaner to 6¼ cups water

GLASS+WINDOWS

1 capful Thieves cleaner to 5 quarts water

Thieves Oral Care

THIEVES DENTAROME TOOTHPASTE

Our most gentle toothpaste, Thieves Dentarome Toothpaste, is generally recommended for children.

THIEVES DENTAROME PLUS TOOTHPASTE

Recommended for adults, Thieves Dentarome Plus Toothpaste is a stronger version of the regular Dentarome toothpaste because it contains a larger concentration of thymol and eugenol.

THIEVES FRESH ESSENCE PLUS MOUTHWASH

Thank you for your Interest in Young Living Essential Oils!

Enclosed is some amazing Information on some of the Young Living Products. I have found that they are of the HIGHEST caliber out there, not only in the standards of quality, but also in the research that Young Living does on each of the products that they sell.

As you learn more about this wonderful company, you will also be Proud, to share the product line. You will soon discover the quality, scientific research, and the commitment that Dr. Gary Young has in the future vision health care.

As a massage therapist and energy healer, I have found that the frequency of the oils assist in releasing tension in the muscles, and trapped feeling in the cells. As a Hypnotist, I have use the essential oils to assist in breaking patterns on a subconscious level. The Oils also are a wonderful way to use with a client in post to assist in anchoring the new pattern in there life.

Today, as you review the following material, please write down any question that you might have, you can use the above information to contact me. One thing is for sure, if I dont know the answer, I will find it and assist you in anyway that I can. Also, my upline is normally available in these rare occasions.

Remember, as we walk down our path, we are not alone.
We are ONE.

Much Love!

West
